- f)  What number of students were enrolled, what number received emergency grants and how much grant aid did the students receive by IPEDS age categories?

Institutions should follow IPEDS Fall enrollment guidelines (<https://nces.ed.gov/ipeds/use-the-data/survey-components/8/fall-enrollment>) for when to capture a student's age. For example, institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

This table provides a historical comparison point for the current reporting period and since it is historical information it does not have to be updated on an annual basis. Institutions should submit responses in the early 2022 data collection process. However, if institutions need more time, they can submit responses in the early 2023 data collection process
